Overview

Tour Source is Worldspan's electronic tour and vacation booking system that offers booking capabilities on U.S. outbound vacation packages. Currently the only supplier available on Tour Source is GOGO Worldwide Vacations.

Recently Travelport has launched a new more robust tour and cruise booking solution – Travelport Cruise & Tour. This new solution better fits the needs of our agencies. GOGO Worldwide Vacations is just one of the Tour providers available on this solution.

Retirement Explanation

The primary reasons for retiring the product are:

- New Product Alternative - Travelport has a new GUI cruise booking engine that provide more robust content and significantly enhanced functionality
- Marketplace Confusion - By continuing to support multiple solutions in the marketplace our subscribers are uncertain of which solution best suits their needs and provides them the best content and functionality
