Overview

Mask the printing of the credit card number on all the coupons that print for a paper ticket and for an electronic ticket that use a coupon-by-coupon document for tickets. This will include the masking of the printing of the credit card number on the Auditor, Agent and Charge Form Coupons.

The masking for the printing of the credit card number for a paper ticket and for an electronic ticket already applies to the flight coupons and the passenger receipt coupon.

No customer action is required to prepare for this enhancement.

Customer Benefit

Maintain security compliance for printed ticket coupons by masking the credit card number for the Agent, Auditor and Charge Form coupons for all locations (ARC and BSP) in the Worldspan partition.

Phased Implementation Dates

The masking of the credit card number will be implemented online on 2 different dates by coupon type.

Phase 1 Release:

28 April 2009 for the masking of the credit card number on the Charge Form coupon.

Phase 2 Release:

14 May 2009 for the masking of the credit card number on the Agent coupon and Auditor coupon.

Detail and Customer Examples

1. The changes for this release are applicable only in the Worldspan partition.
2. The changes in this release will be applicable to all SIDs (all U.S. locations and all BSP locations) in the Worldspan partition.
3. The changes in this release are applicable only to the automated coupon-by-coupon documents for paper tickets and electronic tickets.
4. The masking of the credit card number on the Charge Form, Auditor and Agent coupons will be applicable to the coupon-by-coupon ticket types of ATB1, ATB2, plain paper (PP) and blank card (BC).
5. The masking of the credit card number is to print X's in place of all but the last four digits of the credit card number.
