1 Introduction

1.1 Purpose of the Document

This document is the solution proposal for Document Converter 10.1.1 Release. It describes in detail the steps involved to Install the Document Converter 10.1.1 Release.

1.2 Scope

The scope for this document is limited to the Document Converter 10.1.1 only.

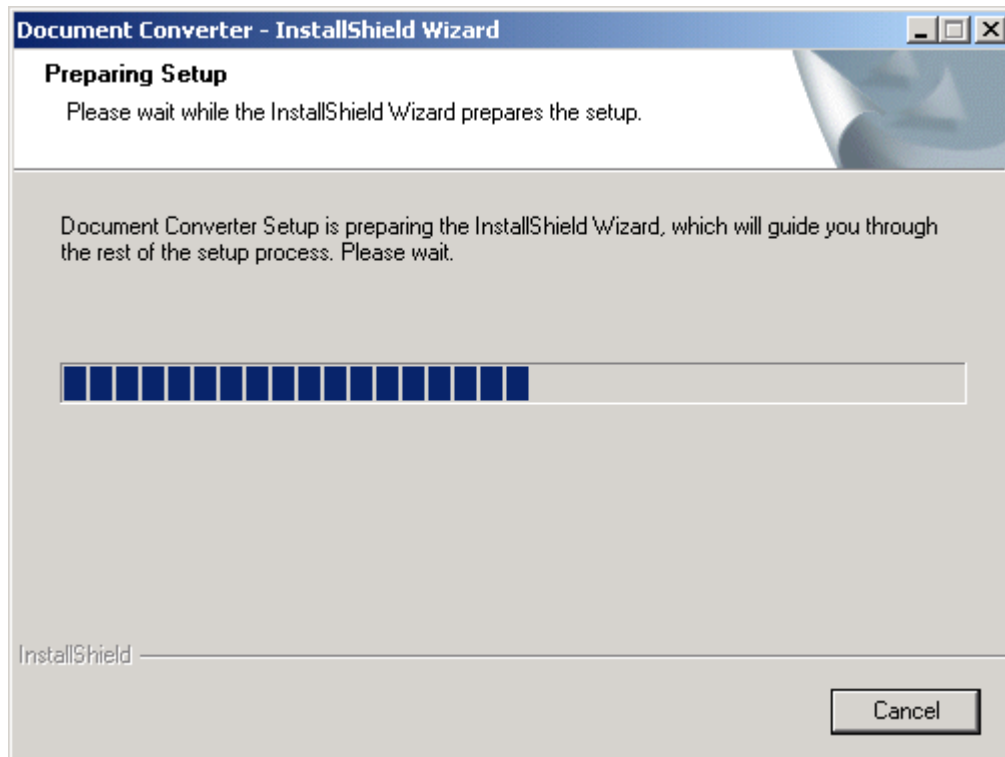

2 Installation Steps

Before commencing the installation process, please close your Galileo Desktop.

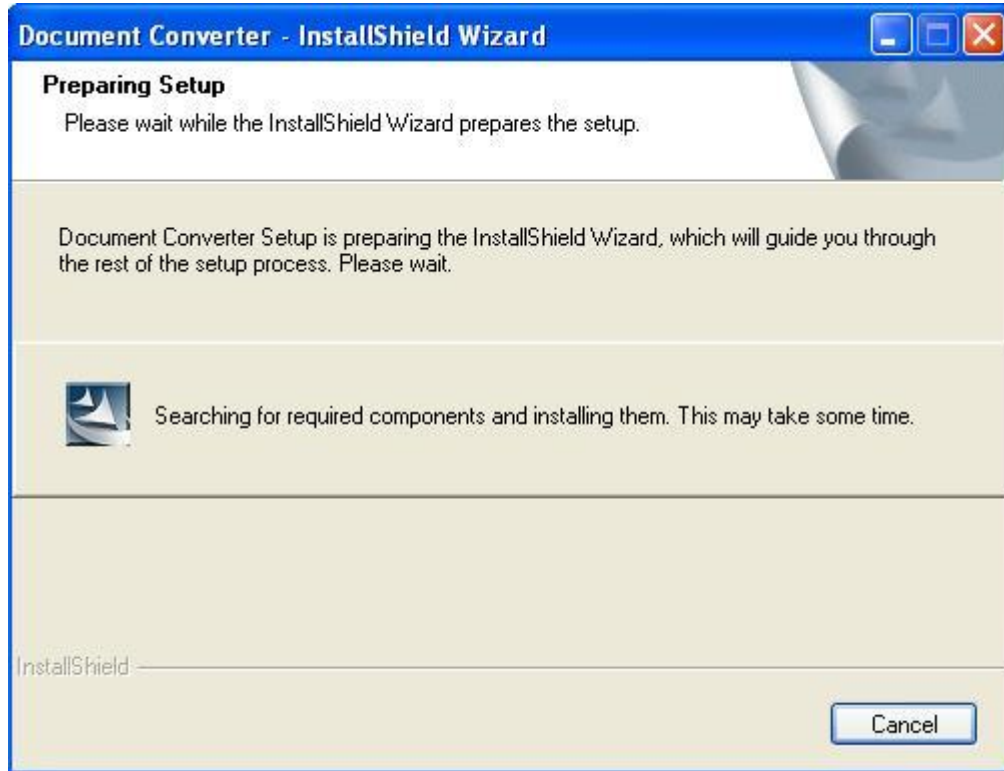

To start the installation process, please double click the DocumentConverter_10.1.1.exe file which you have downloaded from the support.com website.

2.1 Preparing Setup

Document Converter setup is preparing for installation.

Document Converter setup is searching for required components & installing them on your computer.

As ItextSharp.dll is one of required software to run the script (please refer to Pre requisite in user guide). While it is not found by the Wizard, you will find the following dialog box and remind you to download a free Itextsharp file version 4.1.2 from a third party website.

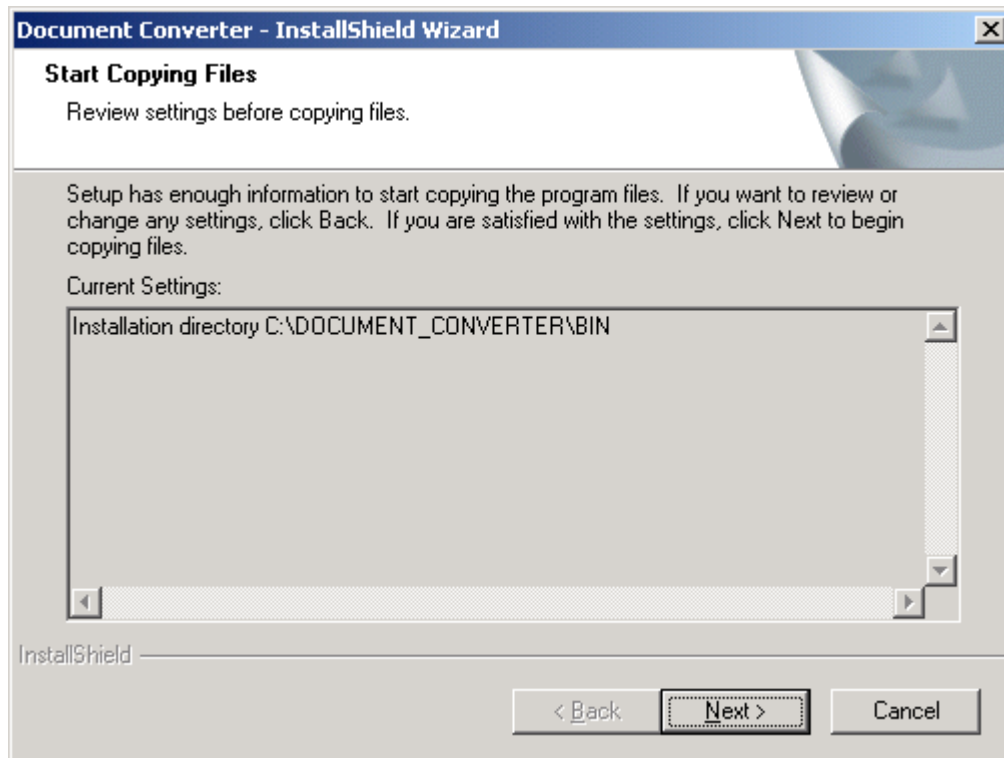

Quoted from the website - iText# (iTextSharp) is a port of the iText open source java library for PDF generation written entirely in C# for the .NET platform.

At this point, you just click on 'OK' and let the Wizard completes its installation process.

2.2 Start Copying Files

Document Converter is being installed.

After files copying is finished, please click on 'Next' Button.

From the mask below, you have to select if you want to install the “Unconverted MIR file mask” functionality on your computer.

If you select '**Enable**' – When a MIR file is unable to be converted by the script, the Unconverted MIR File Preview Window pops up and the document is displayed on the screen (please refer to appendix). Then, it allows you to save, print or send the document via email. Next, original MIR file will be saved in the following folder.

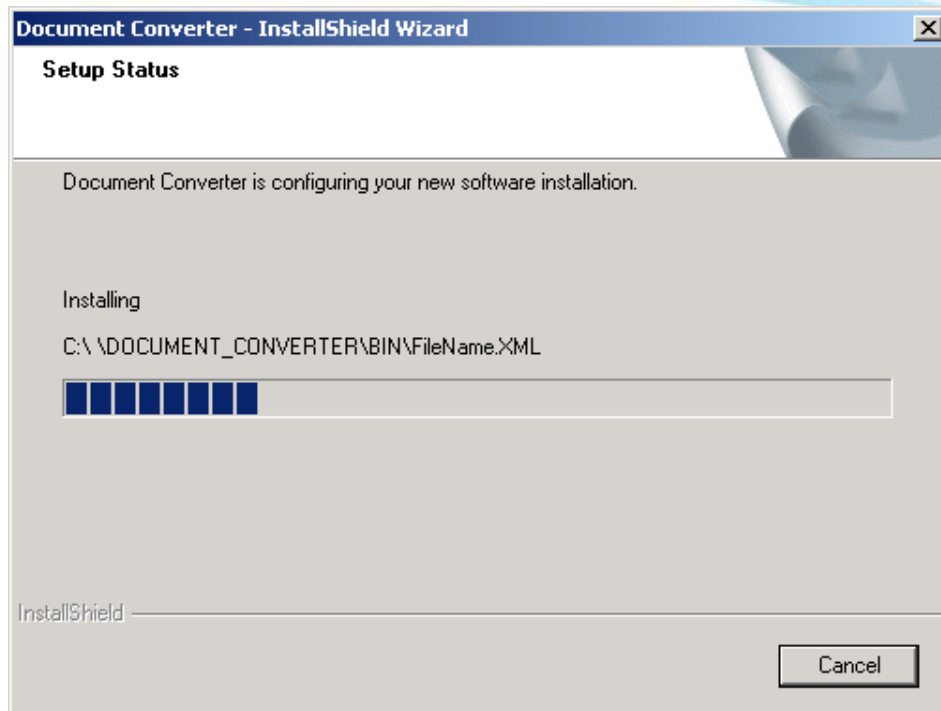

C:\DOCUMENT_CONVERTER_OUTPUT\MIR ARCHIVE\UnconvertedMIRFiles

Note: 'Enable' the preview window functionality is only suitable for agent who has assigned a dedicated print device and Galileo Print Manager is installed on his/her PC.

If you select '**Disable**' – When a MIR file is unable to be converted by the script, the Unconverted MIR File Preview Window will not pop up and original MIR file will be saved directly in the following folder.

C:\DOCUMENT_CONVERTER_OUTPUT\MIR ARCHIVE\UnconvertedMIRFiles.

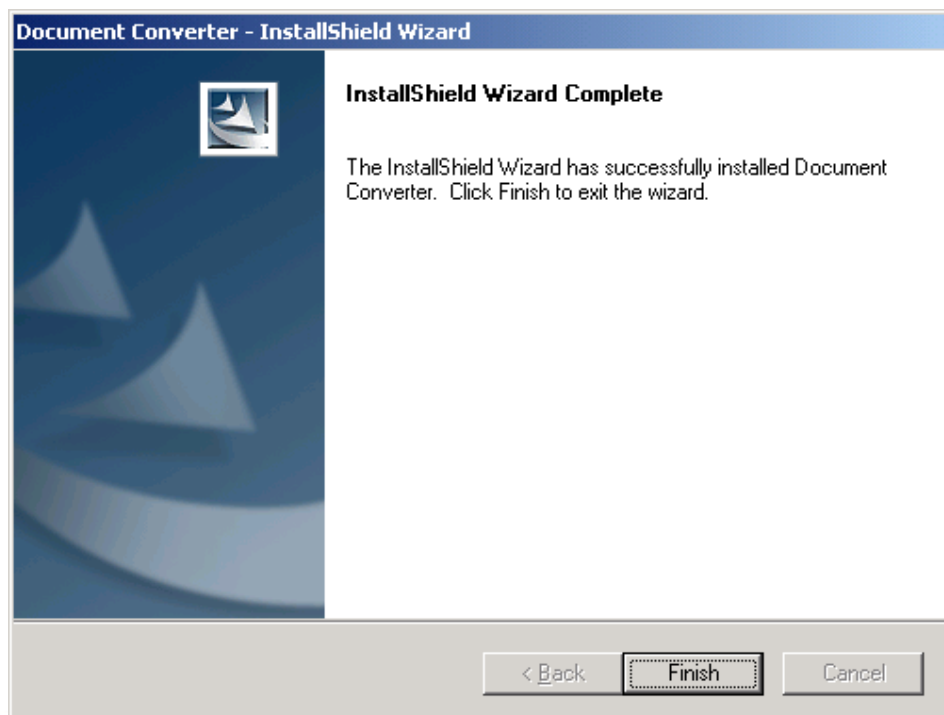

Note: 'Disable' the preview window functionality is suitable for company which all ticket documents output are sharing one master print device. As a result, documents are saved in a common folder so that everyone in the company can access them.

For any reasons, you can select 'Cancel' to terminate the installation process.

2.3 Installation Complete

This is the confirmation screen after Document Converter has been installed.

Click on 'Finish' button to exit the wizard.

When you log on Galileo Desktop again, you will find a 'Document Converter' icon is added on the Custom Viewpoint Toolbar and a shortcut is created on your PC's desktop.

1) Icon on Custom Viewpoint Toolbar

2) Shortcut on desktop

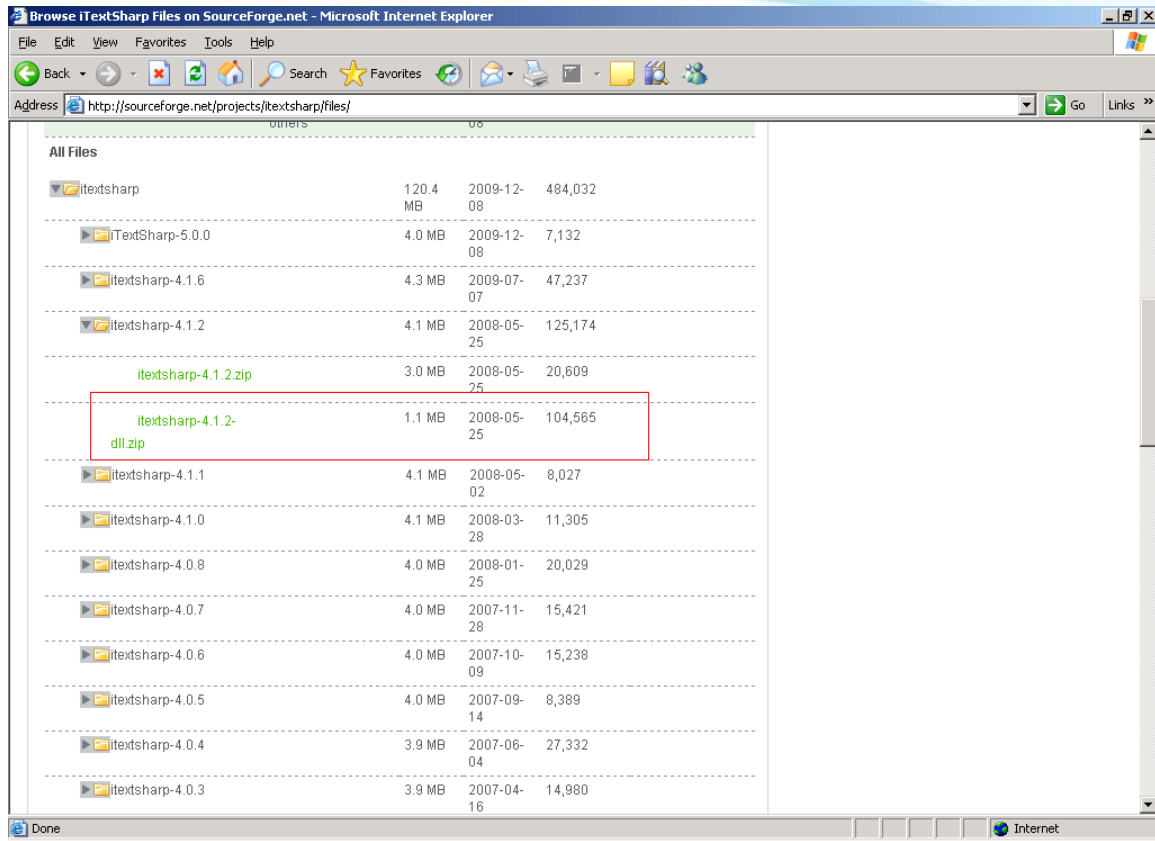

2.4 Download iTextSharp File

After Document Converter setup is finished, you MUST go to the following site to download iTextSharp file version 4.1.2 (itextsharp-4.1.2-dll.zip). **Please DO NOT DOWNLOAD other version because only version 4.1.2-dll.zip is compatible to Document Converter program.**

<http://sourceforge.net/projects/itextsharp/files/>

Download and save the zip file in 'DOCUMENT_CONVERTER\BIN' file first and extract it in the same file.

2.5 Launch Document Converter

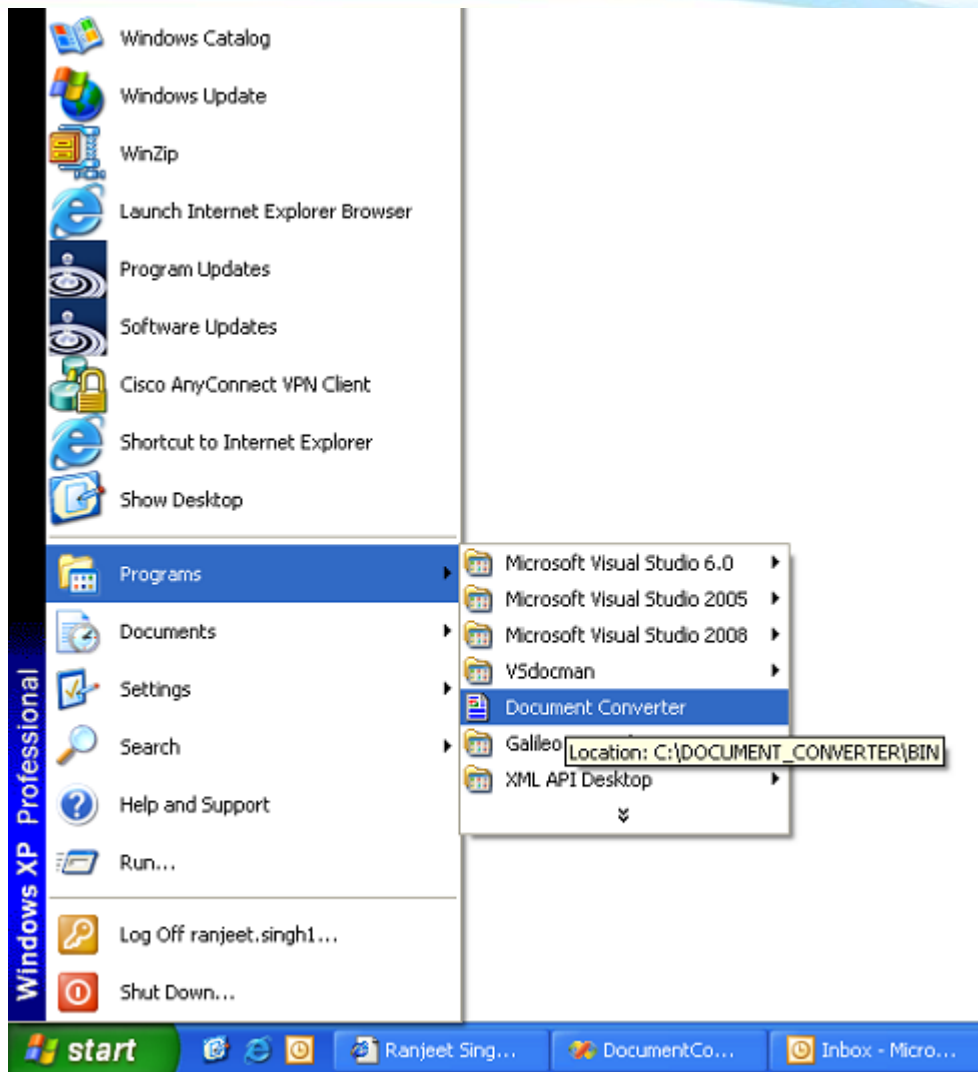

You may launch the Document Converter by:-

- 1) Clicking the icon on Custom ViewPoint Toolbar

or

- 2) Clicking **Start** ---> **Program** ---> **Document Converter**

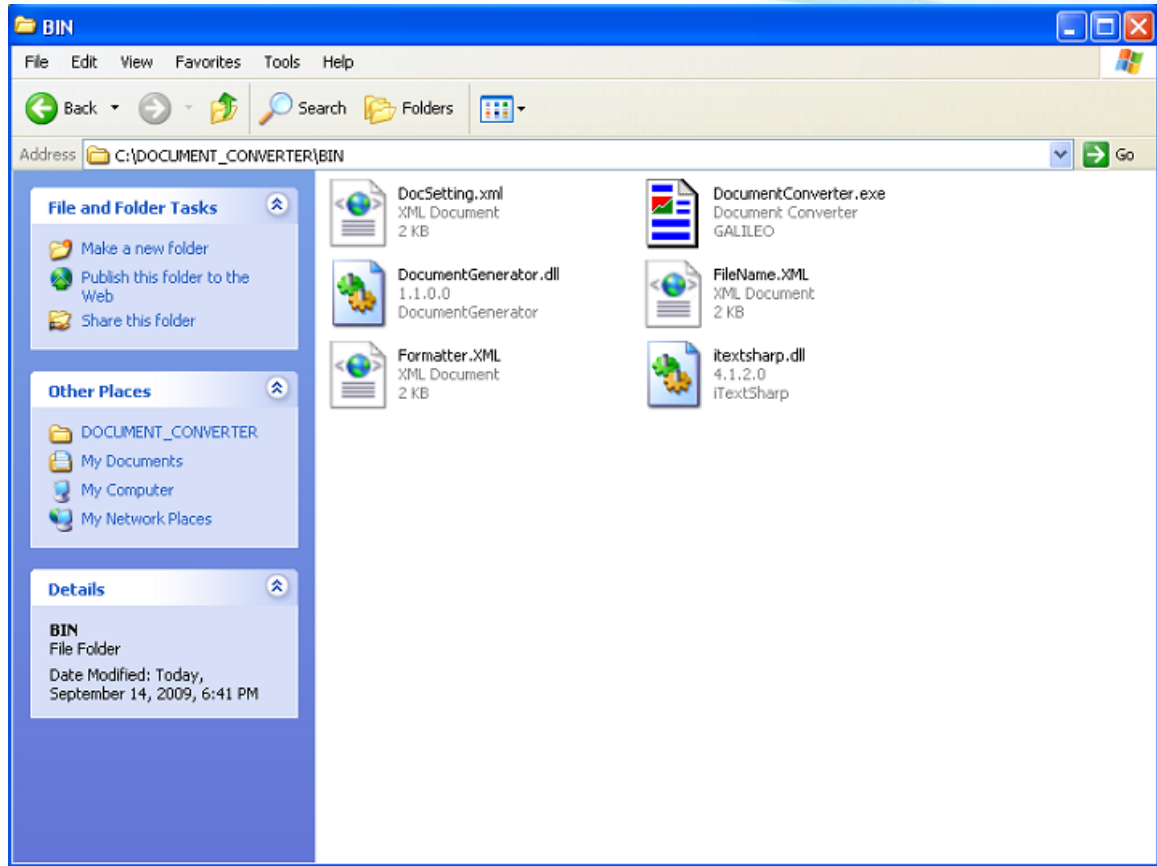

or

- 3) Clicking the shortcut on desktop.

or

- 4) Clicking the DocumentConverter.exe in BIN folder.
C:\DOCUMENT_CONVERTER\BIN

3 Appendix

Below is a screen shot of Unconverted MIR File Preview Window.

Document converter could not convert **AAABVGAL.MIR**. Please use this form to perform further action.

Edit MIR File
