

How do I know if the .NET Framework or Galileo SSL is already installed?

You can check to see if you already have the .NET Framework or Galileo SSL installed by the following steps.

Step 1

Click Start on your Windows desktop, selecting Control Panel

Step 2

Double click the Add or Remove Programs icon

Step 3

When that window appears, scroll through the list of applications. If you see Microsoft .NET Framework 1.0 or Microsoft .NET Framework 1.1 listed, the .Net Framework or Galileo SSL is already installed and you do not need to install it again.
