

## Easily Access WestJet Inventory On Galileo

### Search. Book. Done. Tap Into WestJet's Low Fare Content Fast.

WestJet's availability on Galileo is great news for Canada's value-conscious travelers and great news for your agency. As a full participant in Galileo, WestJet's expanding service is integrated right into the Galileo display for instant quoting and sale. Booking WestJet is as simple as:

- Using familiar Galileo procedures to search and quote fares
- Entering PNR and payment information only once
- Receiving a confirmation in minutes without leaving the GDS

Best of all, WestJet delivers its entire range of content right to your Galileo desktop so you can quote with confidence without wasting time searching alternate sources.\*

#### Automatic Payment, Greater Efficiency and More

Payment is authorized automatically once the PNR has ended. A confirmation number is returned to your Galileo terminal in seconds and you receive a full set of data to hand off to your mid and back office systems. Your WestJet flight segments are seamlessly integrated into the itinerary with no wasted time and money spent on tedious accounting tasks such as creating passive flight segments.

#### Exciting New Destinations at Lower Prices

Give your customers more of what they want most. As Canada's national low-fare airline, WestJet is expanding the frequency of service on its high-demand domestic business routes between Toronto and Montreal as well as Toronto and Ottawa. And starting in the fall, WestJet will inaugurate its new transborder service to popular warm weather destinations in the United States. With access through Galileo you will be able to quote and book these great routes more efficiently than ever.

#### FREQUENTLY ASKED QUESTIONS

##### How do I issue tickets?

WestJet is a ticket-less carrier. The airline will process payment using the Guaranteed Payment Special Service Request. Your customer will present photo identification at check-in to obtain their boarding pass.

##### Will WestJet accept waitlist bookings?

As WestJet requires confirmed space and payment at the time of booking, waitlist bookings cannot be accepted.

##### Can I fare quote a WestJet PNR?

You will be able to fare quote a WestJet booking file based on the fares data that WestJet files with Galileo. When you use Galileo's Guaranteed Payment script (available under Downloadable Software at <http://support.galileo.com/canada>), the fare quote is automatically stored in the PNR. WestJet will verify the itinerary once it receives the booking message, and will debit the passenger credit card for the correct amount.

##### Will I receive segment credit bookings?

Yes – all WestJet bookings are eligible for segment credit.

#### Benefits:

- Instant access to full WestJet inventory\*
- Book WestJet without leaving Apollo
- Efficiently process payment and PNR data
